

KAMET SINGLE MALT

Kamet Single Malt is produced at the foot of Mount Kamet, the third highest peak of the Indian Himalayas. The extreme climatic conditions (varying from 0-50 degrees) have a big impact on the maturing whisky. As a result the angel's share is as high as 11-12% per year. Piccadilly Distillery, producer of Kamet whisky, is operating since 2012. The distillery has Scottish style pot stills, which create a light, floral and fruity style whisky. Kamet Single Malt is a blend of whiskies matured in ex-Bourbon (American oak), ex-wine (French oak) and ex-Sherry casks.

Tasting Notes:

Lively entry with vinous fruitiness & a spicy vibrancy. Vanilla notes exhibiting a melted concoction of fresh & dried fruit notes. Subtle hints of oaky vanilla, spice & dark chocolate linger in its depths.

Country: India

Distillery: Piccadilly Distillery

Alcohol: 46% vol.

Age: Blend
